in Shady Park at the Winter Park Community Center
721 New England Avenue, Winter Park, Florida**

"We are so proud to unveil this beautiful mural at our oldest community outreach site where we have continuously offered art programs for children, teens and seniors for a decade. With all the physical changes that have taken place in West Winter Park, there is no place that deserves more to have an artistic tribute to the proud history and heritage of its forefathers."

- Peter Schreyer, Executive Director, Crealdé School of Art
